About Us:

At Hola HP, we strive for your student to be ready for Kindergarten! Our PreK in the Plaza teachers, Natalie Phillips, Marny Blake, and Laura Rathjen, assess your student's academic skill level, form leveled groups based on their results, and create meaningful learning customized to your student's needs. Your student will no doubt enter Kindergarten with the utmost confidence. Our maximum 6:1 student to teacher ratio gives your student the attention he or she needs to bloom academically.

Goals for your Student

- build confidence to develop a love of reading, writing, and math in a fun, motivating, and structured environment.
- build a strong foundation of number skills and understand the relationships between numbers with a focus on 1 to 1 correspondence, creating sets, recognizing numbers 0-20, and writing numbers 0-10.
- develop the important foundation of basic math skills with a focus on patterns, sorting, categorizing, position words, graphing, measurement, and modeling addition and subtraction with manipulatives.
- develop strong phonological awareness through blending word parts, segmenting word parts, breaking a sentence into individual words, identifying and generating rhyming words, identifying syllables, identifying beginning sounds, and blending one syllable words.
- gain a strong foundation of phonics with a focus on letter recognition, letter sound recognition, decoding, and introduction of sight words.
- build a foundation in reading by developing strong pre reading skills, retelling skills, vocabulary, print directionality, and strategies to strengthen reading comprehension.
- develop a deeper understanding of text through connecting and responding to text, making predictions, and making inferences from read alouds.
- build confidence as a writer by developing awareness in the writing process through shared and interactive writing.
- create unique and individual writing pieces using pictures, labels, letters, and words to convey meaning verbally and visually.
- use correct pencil grip to write letters with correct letter formation and pencil strokes to write one's own name and the alphabet.
